DR. AADITHYA

Plastic, Reconstructive, Aesthetic Surgeon

Welcome to the online portal of Dr. Aadithya Rangarajan an esteemed consultant plastic surgeon with a passion for restoring the aesthetics, functionality and natural beauty. With an unwavering commitment to excellence and a wealth of experience in the field, Dr. Aadithya is dedicated to providing exceptional service and achieving remarkable results for her patients.

Dr. Aadithya is renowned for her expertise in various areas of plastic surgery, including cleft and craniofacial, reconstruction of post traumatic defects of limbs, hand and face, correction of birth defects, peripheral nerve surgery including pediatric and adult brachial plexus injury, burns, cosmetic surgery such as facial rejuvenation, rhinoplasty, body contouring, breast surgery. Her exceptional surgical skills, combined with her artistic eye and attention to detail, allows her to create personalized treatment plans tailored to each individual's unique needs and desires.

EDUCATION & TRAINING

Graduate and Post Graduate Training

Dr. Aadithya obtained her medical degree at M.S Ramaiah Medical college and Hospital, Bangalore. As a young doctor she chose to pursue her career in the field of Surgery. She earned her Masters in General Surgery at Sri Siddhartha Medical College and Research Hospital, Tumkur where she graduated with honors being the topper of her class.

Post Doctoral Training

The young surgeon then completed a rigorous MCh residency program in Plastic surgery under the esteemed professorship of Dr. Sharad Ramdas and Dr. P.P. Lingam at Pondicherry Institute of Medical Science, Puducherry. During her training days she was accepted as an observer at the prestigious Tata Memorial Hospital, Mumbai where she trained in onco plastic microsurgical reconstruction under Dr. Prabha Yadav. She was well appreciated by her professors, staffs for her hard work, dedication and sincerity towards patient care.

Pediatric Plastic Surgery Training

Her interest in Pediatric Plastic Surgery piqued during her MCh residency. She visited Bai Jerbhai Wadia Children's Hospital and Bombay Hospital, Bombay for her training in birth brachial plexus palsy, craniofacial anomalies such as craniosynostosis, hypertelorism under Dr. Mukund Thatte and Dr. Nitin Mokal

She also had the opportunity to travel overseas to visit one of the world renowned research intensive children hospitals -The Hospital for Sick Children at Toronto to experience the ergonomics of an exclusive Pediatric plastic surgery unit.

Patient-Centered Approach

What sets Dr.Aadithya apart is her unwavering dedication to her patients' well-being. She believes in building a strong doctor-patient relationship based on trust, open communication, and empathy. Driven by a desire to understand her patients' goals and concerns, she ensures that they are well-informed and comfortable throughout their journey, from the initial consultation to the final stages of recovery.

State-of-the-Art Facilities

Dr.Aadithya practices at a state-of-the-art hospital equipped with cutting-edge technology and a welcoming, serene environment. She firmly believes that a comfortable setting enhances the overall patient experience, allowing individuals to feel relaxed and confident during their consultations and procedures.

Commitment to Safety

Safety is always a top priority in Dr.Aadithya's practice. She adheres to the highest standards of medical ethics and maintains strict protocols to minimize any risks associated with surgery. Dr. Aadithya takes the time to thoroughly educate her patients about the potential benefits and risks of each procedure, ensuring they make well-informed decisions that align with their personal goals.

Passion for Giving Back

Outside of her practice, Dr. Aadithya is actively involved in humanitarian work, providing her surgical skills to underserved communities around the world. She firmly believes in the power of plastic surgery to transform lives and bring about positive change in society.
